chaired by our Hon.Principal Dr. A. N Korpenwar and Dr. Nawnath Gayakwad has been special guest and guided students about how to stay away from stress during Lock Down conditions by using Hypnotizing techniques. More than 100 students attended this online webinar. This seminar was specially organized for students who were facing psychological issues due to lock-down situations. Colleges were closed for students, people were facing this first ever conditions where accelerated human life activities were suddenly stopped and people were forced to stay behind closed doors of their houses and this was making people go crazy and people were developing psychological issues. During these conditions our webinar was very helpful to overcome from isolated feelings of our valuable students.

Dr. Nawnath Gayakwad performed some practical on students on his side and explained in simple word about how to keep calm and happy. Dr. A.N. Korpenwar has given special emphasis on attaining regular online classes and urged students to stay in contact with their teachers for any problem.
