**2) Mazi Vasundhara Pledge Activities :-** The Maharashtra environment and climate change department has begun the assessment of 395 urban local bodies (ULBs) and 304 panchayati raj institutions (PRIs) as part of its Majhi Vasundhara Abhiyan, launched last October. Over the next five-six weeks, the ULBs and PRIs will be evaluated through a two-step process to check their compliance with the tasks mandated under the initiative. These include enhancement of green cover and biodiversity, building solid waste management infrastructure, taking steps for water conservation, improving energy efficiency, implementing awareness programmes and getting citizens to take the Majhi Vasundhara e-pledge to show their commitment towards protecting the environment. These tasks have been spread out over five broad indicators – vayu (air), bhumi (earth), jal (water), agni (energy) and akash (education and enhancement). “From last October to March 2021, the ULBs and PRIs were given six months to implement certain tasks, which overlap with the mandate of other state and central schemes, like Maharashtra’s Vanmahotsav plantation drive or the Centre’s Swachh Bharat Mission. For a fairer assessment, we are also considering steps that ULBs have taken within the ambit of the indicators between January 2021 and March 2022,” said a spokesperson with the environment department. The students of Rashtrapita Mahatma Gandhi Arts and Science College, Nagbhid have been participated online in this program and they have taken pledge regarding vasundhara saving and also downloaded the e certificate of the program.

**15) Distribution of disinfectant tablets Program on the Occasion of National Deworming Day (25-4-2022):-** National Service Scheme Department of Rashtrapita Mahatma Gandhi Arts and Science college, Nagbhid organized "National Deworming Day" in the college. Along with the educational development of children, physical development is also important. Outdoor games play an important role for that. If children are not given proper attention while playing in the field, many diseases are invited. Among them, worm infection is a serious disease that occurs easily at a young age. Worms weaken children physically. This directly affects the physical and personal development of children. Except for elephantiasis affected districts (Gondia, Chandrapur, Nanded and Chandrapur and Nanded Municipal Corporation), National Deworming Day will be implemented in other districts and municipalities. The program was held under the chairmanship of Dr. Deshmukh Sir. Also the guide of this program was Mr. Nilesh gode sir present in the program. In this program the special team of health department were present. Among the team Mrs. Darshana Meshram Madam And Mr. Dubalwar Sir gives their spiritual work and managed the program. This program was Managed by NSS Program Officer Mr. Prachal Dhok.
